

Continuation Report

This report will be made available around March/April 2021 and will be due in May 2021. Report will be posted here in the Portal.

It will indicate your progress of grant deliverables from 2020-21, the quality of program and program performance, as well as budgets for next grant year. Any approved grant item/service that was changed or not completed as approved must be thoroughly explained for review and approval.

Please note site changes are generally NOT approved...unique circumstances must arise for site changes and will require prior DESE approval.

Any changes to your originally approved grant for implementation in 2021-22 must be clearly explained on the continuation report for review and prior approval.

Completed annually.
